Part of the C-Series collection, the C-Coffee table pushes the boundaries of woodwork by taking on a cantilevered form. Devoid of screws, metal fasteners or power tools, the handcrafted individual segments make use of exquisite traditional joinery in recycled old Burma teak wood, thereby addressing issues of sustainability pertaining to both resources and craftsmen. Each piece is individually signed with an inlay of hand-cut brass. A complete knockdown construction allows for the chair to be disassembled with ease, thus facilitating easy transportation and re-assembly.
